Where did you hear about Mad Science parties?			

Terms and Conditions

- Mad Science requires a non-refundable booking deposit of £60.** Payment can be made by cheque or BACS. Please make cheques payable to 'Fundamental Science Ltd' (Details Below)
- Any changes to the standard party offer must be discussed and agreed at the time of booking and confirmed in writing by the customer. There may be surcharge of £40 for parties taking place outside of the offered times and on bank holidays.
- Balance of payments is due five days before the party. The operations team will call during the week before the party to confirm final details and collect any outstanding balance.
- Mileage costs of £0.45 per mile** are charged outside of 20miles of our office each way. **Office postcode SP2 9DT.**
- Parking charges (including metered parking) will be payable by you, the client. Please inform the Mad Science Party Coordinator of any parking restrictions at the time of booking. Parking at, or near to the venue is essential for a party to take place.
- Exact numbers must be confirmed.** Unless we are notified five days before your party, we shall assume that your confirmed final number is as stated on the booking form. Please note that the total number of guests includes the birthday child/children and siblings.
- We regret that Mad Science does not provide food or birthday cakes.
- Due to the nature of our parties, various chemicals maybe used. It is advised that children do not eat whilst the entertainment is taking place.
- Although our instructors are thoroughly DBS checked, vetted and highly trained, children must not be left alone with the instructor and we insist on a legal guardian or responsible adult being present at all times. Neither must our instructors be asked to accompany children to the toilet or assist with feeding.
- If at any time the instructor deems that the **behaviour** of one or more children, adults or other children present, is likely to cause **danger or disruption**, the instructor can reasonably request they are controlled or removed or **noise levels are reduced** and, if this does not happen, cease the presentation until the situation is resolved or terminate the presentation with no recourse to refund.
- In the event that the child, or any of the guests, have already seen a Mad Science party it is advisable to let us know the host and date of that party.
- Mad Science provides much of its programming in schools both in the classroom, at assemblies and in After School Clubs. Children who have attended any of these programmes will realise that the Birthday Parties are higher octane whilst still providing enquiry based learning and fun. If you are interested in seeing Mad Science in your child's school, please let us know the name of the school.

If you would like information about our Holiday Camps please tick here (email address required)

I have read and agree to the above terms and conditions
